

*Every minute, an emotion*

With more than 30 years of experience, the Festina Group is a prestigious international company specializing in the production and marketing of timepieces.

Its know-how and the 5 million watches that it distributes annually make it one of the benchmarks in the watch market.

The Group's leading brand, FESTINA, founded in Switzerland in 1902, is currently exported to more than 90 countries, on five continents.

Such expansion and recognition by the general public could only be achieved by building on three founding pillars:

*a proven taste for challenge,  
a desire for constant innovation,  
the tireless search for optimal value for money.*

Today, driven by the same passion, a new page is written for the brand, with the launch of Festina Writing and its arrival in the world of writing instruments and leather goods.

Delicately crafted, the clip reveals the F symbol reminiscent of the watch dials.

The top of the pen is a nod to the Festina emblematic Chronobike watch crown.
